August 2015

Workshops on Christian Science Nursing and Caregiving

This year's Wellsprings annual meeting was a great send-off for our upcoming series of workshops to be held in various Christian Science church communities around Florida. The theme, "The Christly Element of Nurturing (Nursing) One Another" set the tone for what should be an insightful way of advancing our own individual practice of Christian healing.

Although you will learn many things about Christian Science nursing, these workshops focus on the role of caregiver from the Christian Science perspective.

- How can a "demonstrable knowledge of Christian Science practice" improve our ability to give care when needed?
- How does it help lead to healing?
- What can we learn from Christian Science nursing that might better prepare us for this important Christian duty?
- What is the metaphysical basis of Christian Science nursing and caregiving?
- How can we assist in taking "proper care of the sick?"

The workshops are open to all Christian Scientists. We don't intend to turn you into Christian Science nurses in one sitting! We don't intend to teach you CS nursing skills that require in-depth study and practice before using. We do hope that you will be able to improve your ability to assist others at your own level of readiness.

Here's how to find a workshop:

- Check with the clerk of your church about workshop notices.
- Go online to our website and click on "News/Events" [[Click Here](#)]
- Contact our CS Nursing Training Coordinator, Jackie Rhodes, at jackiewellsprings@gmail.com.

Current Schedule:

Daytona Beach - August 29, 2015
Orlando area - September 26, 2015

In Planning:

Jacksonville - Fall 2015
Stuart - Late Fall or Winter 2015
Lakeland - Late Fall or Winter 2015
Tampa/St. Pete - January or February 2016

Wellsprings Executive Board
